EXPERIENCE

Full Stack Developer

NIA Agrocommodity Marketplace | Internship | June 2022 - Sept 2022 | Gurgaon, India

FRONT-END Javascript | React

- contributed to a code base used to find and correct inconsistencies between **buyer posts and seller quotes**.
- migrated the ASP.NET-based website - [wheatbazar](#) to a React.js-based website.
- made the website about **3.5 times** faster than its previous stack.

BACK-END Java | Spring Boot

- rebuilt around **40 API call** endpoints to make front-end to back-end interactions.
- contributed to decreasing the response time for each API call by up to **2.2 seconds**.
- learned Java Spring Boot for backend development and developed **REST-full APIs**.

SELECTED PROJECTS

HAVE SMALL BYTES Next.js | GraphQL | CMS | Typescript - [live](#) | [source](#)

- A tri-category-based **personal blog website**.
- Designed and developed a beautifully simplistic blog website with user authentication and authorization with **next-auth**, **server-side rendering** for most pages, and letting users interact with the posts with **likes/comments/replies**.
- Implemented with **NextJs** for the first time, and learned a ton about new technologies like **next.js**, **graphql**, and **CMSs**.

ANI CART React.js | Redux | Nodejs | MongoDB | Firebase - [live](#) | [source](#)

- An e-commerce store website with functionalities like **Google authentication and authorization**, **payment options**, **roles-based logins**, and **impressive design**.
- Designed with React as a front-end and nodejs as a backend server.
- Used Redux for easy state management throughout the app.
